

PLAYPTL — Project Flow Document

Platform: playptl.com
Document Type: System Flow & User Guide
Version: 1.0
Date: June 2026

1. Introduction

PlayPTL ek tennis league / tournament management platform hai. Is system se admin poora tournament chalata hai — players register karte hain, group matches schedule hoti hain, points banate hain, aur playoffs tak poora season complete hota hai.

Is document mein bataya gaya hai:

- System ka overall flow kya hai
- Admin kya-kya karta hai aur kis order mein
- Player kya-kya karta hai
- Tournament ke har phase mein kya hota hai
- Kuch important rules jo system follow karta hai

2. Platform Overview

2.1 Teen tarah ke users

User	Kaun hai	Kya karta hai
Admin	Tournament organizer / PTL staff	Tournament setup, players assign, matches schedule, results, playoffs
Player	Registered tennis player	Profile manage, tournament join, matches khelna, score enter karna
Visitor (Public)	Bina login ke	League standings, schedule aur charity page dekh sakta hai

2.2 Login ke baad kahan jaate hain

- **Admin** → Admin Panel (/admin)
- **Player** → My Profile (/player/my-profile)
- **Visitor** → Public pages (/league/..., /charity)

3. System Structure — Samajhne ke liye zaroori

Poora system ek **tree structure** mein chalta hai. Upar se neeche samjho:

```
TOURNAMENT (Season) ■ ■■■■ DIVISION (Group Card) ■ Example: "Voyagers Singles 3.5" ■  
■ ■ ■■■■ SUBGROUP ■ ■ Example: Group A, Group B, Group C ■ ■ ■ ■ ■ ■ ■■■■ PLAYERS  
(registered in this subgroup) ■ ■ ■ ■■■■ GROUP MATCHES (round-robin within subgroups)  
■ ■ ■ ■■■■ PLAYOFFS (knockout bracket after group stage) ■ ■■■■ (aur divisions ho  
sakti hain – 4.0 Singles, Doubles, etc.)
```

Simple example

Tournament: PTL Spring 2026

Division: Voyagers Singles (skill 3.5)

Subgroups: Group A, Group B, Group C

Players: Har subgroup mein 5–8 players

Matches: Har subgroup ka apna round-robin — Week 1, Week 2, ...

Playoffs: Group stage ke baad top players knockout mein

4. Admin Flow — Poora Tournament Kaise Chalta Hai

PHASE 1: Pehli Baar Setup (jab naya season shuru ho)

Yeh steps ek baar ya jab zarurat ho karti hain:

Step 1 — Subgroups banana

Admin panel → **Groups**

Yahan "Group A", "Group B", "Group C" jaisi subgroup names banate hain. Yeh templates hain jo baad mein divisions se link hote hain.

Step 2 — Divisions (Group Cards) banana

Admin panel → **Subgroups (Group Cards)**

Har division ek skill level + format define karti hai:

- **Name:** Voyagers Singles, Champions Doubles, etc.
- **Format:** Singles ya Doubles
- **Skill tier:** 3.0, 3.5, 4.0, etc.
- **Playoff format:** Top 4 seed Quarter mein, baaki Round of 16, etc.
- **Subgroups attach:** Group A, B, C link karo

Step 3 — Players dekhna / banana

Admin panel → **Players**

- Saare registered players ki list
- Singles / Doubles tab
- Search, tournament filter
- Naya player banana ya edit karna

PHASE 2: Naya Tournament Create Karna

Step 4 — Tournament banayo

Admin panel → **Tournaments** → Create

Field	Matlab
Tournament name	PTL Spring 2026
Start date	Poori season ki shuruat
End date	Poori season ki last date
Status	Active / Upcoming / Completed
Entry fee	Singles aur Doubles alag fee (online payment)
Divisions attach	Kaun se group cards is tournament mein hain

Important: Tournament ki start/end date पूरी season ki boundary hai. Group matches aur playoffs dono is window ke andar hone chahiye (ya tournament extend karna padega).

Step 5 — Tournament Management kholo

Admin panel → **Tournaments** → Manage

Yahan har attached division dikhti hai. Har division ke liye alag se kaam karna hota hai.

PHASE 3: Har Division Ke Liye (Repeat Steps 6–12)

Ek tournament mein multiple divisions ho sakti hain (3.5 Singles, 4.0 Singles, Doubles, etc.). Har division ke liye neeche wale steps repeat karo.

Step 6 — Players assign karo

Page: Assign Players

- Sirf woh players dikhte hain jo is division mein abhi nahi hain
- Admin **Assign** button dabata hai
- System automatically player ko **sabse kam players wale subgroup** mein daal deta hai (Group A, B, ya C)
- Player ka skill level division ke skill tier se match hona chahiye

Rule: Ek player ek tournament mein **ek hi singles division** ya **ek hi doubles division** mein ho sakta hai.

Step 7 — Subgroups aur roster check karo

Page: Subgroups & Players

- Dekho kaun player kis subgroup mein hai
- Zarurat ho to player ko dusre subgroup mein move karo
- Naya subgroup add kar sakte ho
- Doubles mein team dono players ek saath move hote hain

Step 8 — Group matches schedule karo

Page: Matches

Pehle yeh ready hona chahiye:

- Tournament start/end date set ho
- Har subgroup mein kam se kam 2 players hon
- Sab players subgroup mein assign hon

Schedule kaise karte hain:

1. **Group start date** select karo (tournament window ke andar)
2. **Schedule matches** button dabao
3. System automatically **saari subgroups (A, B, C)** ke liye round-robin matches banata hai
4. Matches **Week 1, Week 2, Week 3...** mein divide hoti hain
5. Baad mein **Group end date** set karo (last match ki date ya uske baad)

Match calendar rules:

- Matches sirf **Monday se Saturday** tak schedule hoti hain

- **Sunday par koi match nahi**

- Agar players odd number hain (jaise 5) to ek player ko har round mein "bye" milta hai — us week uski koi match nahi hoti
- Ek week mein har player ki maximum ek match hoti hai

Agar tournament date chhoti hai:

Agar matches tournament end date ke baad ja rahi hain (jaise matches July 25 tak hain lekin tournament July 4 ko khatam) to system warning dikhata hai — pehle **Edit Tournament** se end date badhani padegi.

Cancel matches:

Agar poora schedule galat ho gaya to **Cancel this group matches** se saari subgroups ki matches delete ho jati hain aur players ko email jati hai. Playoffs shuru hone ke baad yeh option nahi milta.

Step 9 — Match results enter karo

Results do jagah se aa sakte hain:

- **Admin** Matches page se score enter kare
- **Player** apni My Matches se photo upload karke score enter kare

Jab results aate hain tab standings update hoti hain.

Step 10 — Standings / Points check karo

Page: Points

- Poori division ki ranking dekho
- Ya ek subgroup filter karke dekho
- Points system:
 - Straight sets jeet → Winner 14 points, Loser max 8
 - 3 sets jeet → Winner 12 points, Loser max 8
 - Walkover → Winner 10, Loser 0

Step 11 — Qualifier (Playoff paths)

Page: Qualifier

Kab khulta hai: Jab kam se kam ek group match ka result aa chuka ho.

System standings ke hisaab se automatically batata hai kaun player kahan jayega:

Path	Matlab
Quarter	Seed directly quarterfinals mein
Pre-Q / Round of 16	Pehle Round of 16 khelega

Pre-Pre-Q	Sabse pehle Pre-Pre-Quarter round
Eliminated	Playoffs se bahar

Admin paths review kar sakta hai aur notes add kar sakta hai. Save karne par playoff bracket automatically generate hota hai.

Step 12 — Playoffs

Page: Playoffs

Pehle check karo:

- Qualifier paths set hon
- Tournament end date itni ho ki playoffs fit ho jayein
- Group matches khatam ho chuki hon

Playoffs schedule:

1. **Playoff start date** — group matches khatam hone ke **baad** ki date (calendar se khud pick karo)
2. **Playoff end date** — final match ki last date
3. **Schedule matches** dabao → playoffs officially start, group scheduling band ho jati hai

Playoff rounds (typical):

Pre-Pre-Q → Round of 16 → Quarterfinals → Semifinals → Final

Admin har round ke results enter karta hai aur **Advance winners** se agle round mein winners move karte hain.

Playoffs band karna:

Jab sab results final hon → **Playoff close** → scores lock ho jate hain.

Step 13 — Tournament finish

League Management se tournament **Finish** karo → season officially complete.

5. Player Flow — Player Ki Nazar Se

5.1 Naya player — Registration

Page: /register (website par public)

1. **Singles** ya **Doubles** choose karo
2. Apni details bharo — naam, email, password, phone, city, skill level, age group
3. **Tournament** select karo

4. System tumhare skill level ke hisaab se division choose karta hai
5. **Online payment** (Stripe) karo
6. Account ban jata hai — login karo

Doubles registration:

- Partner ki details bhi bharni hoti hain
- Dono ka skill average se division decide hoti hai
- Partner ko email jati hai login ke liye

5.2 Login ke baad — My Profile

Player ko **My Profile** page milta hai jisme yeh sections hain:

Section	Kya karta hai
Personal Information	Naam, phone, photo, skill level set karna
Choose League	Aur tournaments mein register hona (payment ke saath)
Password & Security	Password change
My Matches	Apni scheduled matches dekhna aur manage karna
Upload Image	Match ki photo upload karna

5.3 Dusre tournament mein join karna

Choose League section se player aur active tournaments join kar sakta hai.

Zaroori: Pehle Personal Information mein skill level set hona chahiye.

5.4 Matches kaise dikhti hain

Player ko matches tab dikhti hain jab **admin ne schedule kar diya ho**.

My Matches page par:

- Upcoming matches calendar style mein
- Opponent ka naam
- Date, time, venue
- Playoff matches bhi yahan dikhti hain (agar qualify hue ho)

5.5 Match khelne ka flow (Player side)

Admin schedule karta hai ↓ Player ko match dikhti hai (My Matches) ↓ Player venue / date / time set ya change karta hai ↓ Match ke baad PHOTO UPLOAD karna zaroori hai ↓ Score enter karo (sets ya walkover) ↓ Standings update hoti hain (public page par)

Important rules player ke liye:

- Bina photo upload ke score enter nahi ho sakta
- Score enter karne tak dusre players ko score nahi dikhta (privacy)
- Ek din multiple tournaments ki matches ho sakti hain

5.6 Standings kahan dekhein

Player ke paas alag standings page nahi hai. Public league page par dekho:

URL: /league/{tournament-name}/{division-name}

Yahan tabs hain — Standings, Schedule, Playoffs bracket.

5.7 Playoffs mein player ka role

Player khud playoffs mein register nahi karta. Agar group stage mein qualify hua to:

- Playoff matches **My Matches** mein dikhengi
- Wahi flow — photo upload → score enter

6. Registration Rules

Rule	Detail
Skill → Division	Player ka skill level decide karta hai kaun si division milegi
Doubles skill	Dono players ke skill ka average
Ek format, ek division	Ek tournament mein ek singles YA ek doubles division
Multiple tournaments	Player alag-alag tournaments join kar sakta hai
Registration band	Jab us division ki matches schedule ho jayein
Playoffs ke baad	Poori tournament mein nayi registration band

7. Match Scheduling Rules (Summary)

Rule	Detail
Play days	Monday – Saturday
Off day	Sunday — koi match nahi
Weekly structure	Har week = ek round, har player max 1 match
Odd players	Bye week — us round mein match nahi
Auto schedule	Admin ek button se saari subgroups schedule karta hai
Reschedule	Dates change karne par players ko email
Same dates dubara schedule	Email nahi jati (duplicate)
Cancel all	Poora division schedule delete + email

8. Playoffs Rules (Summary)

Rule	Detail
Kab start	Group stage ke kam se kam 1 result ke baad qualifier unlock
Paths	Standings rank se auto — admin adjust kar sakta hai
Playoff start date	Group matches khatam hone ke baad
Tournament date chhoti ho	Pehle tournament extend karo, warna warning
Playoffs start hone par	Group match scheduling band
Playoffs close	Results lock — koi change nahi

9. Payment Flow

Player payment

- Registration ya Choose League par **Stripe** se online payment
- Payment successful → player tournament mein registered
- Payment history admin dekh sakta hai

Admin assign (bina payment)

- Admin manually player assign kare to payment skip hota hai
- Player phir bhi tournament mein registered hota hai

10. Charity

Public

- /charity — charity page
- Paise donate (Stripe) ya material/volunteer form

Admin

- Charity causes manage karna
- Donations list dekhna
- Donors ko bulk email bhejna

11. Email Notifications

Event	Kisko jati hai
Naya account	Player ko login details
Registration confirm	Player ko confirmation
Doubles partner add	Partner ko setup email

Match scheduled	Home + Away players
Match rescheduled (date change)	Affected players
All matches cancelled	Saare division players
Playoff match scheduled	Qualified players

Note: Match emails queue se jati hain — server par queue worker chalna chahiye.

12. Complete Season — Ek Example

Tournament: PTL Spring 2026

Week	Admin	Player
Week 0	Tournament create, divisions attach, players assign	Players register online
Week 1	Group start date set, Schedule matches	Matches dikhti hain My Matches mein
Week 2–8	Monitor results, Points check	Har week match khelo, photo upload, score enter
Week 9	Group end date set, Qualifier review	—
Week 10	Playoff dates set, Schedule playoffs	Playoff matches dikhti hain
Week 11–12	Advance winners, Final	Playoff matches khelo
Week 13	Playoff close, Tournament finish	—

13. Common Problems & Solutions

Problem	Kya karo
---------	----------

Matches schedule nahi ho rahi	Check: tournament dates set? 2+ players per subgroup? Group start date?
Group end date save nahi ho rahi	Tournament end date chhoti hai — Edit Tournament se extend karo
Playoffs schedule nahi ho rahe	Tournament extend karo, group matches complete karo, qualifier paths save karo
Player ko match nahi dikh rahi	Admin ne schedule kiya? Player sahi subgroup mein hai?
Score enter nahi ho raha	Pehle match photo upload karo
Email nahi aa rahi	Server par email queue worker check karo
Registration band hai	Us division ki matches already schedule ho chuki hain

14. Admin Panel — Page Reference

Menu	Kaam
Dashboard	Overview counts
Tournaments	Create / edit / manage tournaments
Groups	Subgroup templates
Subgroups	Divisions (skill + format)
Players	All players list, search, edit
Payment History	Online payments dekho
Charity Causes	Campaigns manage
Charity Donations	Donations + email
Announcements	Site announcements

Tournament ke andar (per division)

Tab	Kaam
Subgroups & Players	Roster manage
Assign Players	Naye players add
All Players	Division roster view
Matches	Schedule + results
Points	Standings
Qualifier	Playoff paths
Playoffs	Bracket + results

15. Player Portal — Page Reference

Section	Kaam
Personal Information	Profile + skill level
Choose League	Aur tournaments join
Password & Security	Password change
My Matches	Schedule, venue, scores
Upload Image	Match photos

Public (bina login)

Page	Kaam
/league/{name}	Tournament overview
/league/{name}/{division}	Standings + schedule + playoffs

/charity	Donations
